No. 21

Council Makes Good Offer on Lots

At the Council meeting last week it was decided that all unsold properties obtained for taxes from the C. and E. Town-site Co., should be disposed of for very reasonable inducements.

Average lots in Block 9 are to be offered for sale at \$25 each with a guarantee that the assessment on each lot, land alone, would be limited to \$100 each for five years.

On the balance of the smaller lots it was decided that they should be disposed of at \$12.50 per lot, which would also carry a guarantee that said lots would not be assessed at more than \$50 each for five years, on land alone.

These inducements should have a good effect in disposing of this property as the purchaser is protected from a high assessment on the land for some years to come and the price at which they are offered make them real bargains. The uncertainty of the tax assessments, which has been a drawback to their disposal, is now overcome and this should help to move this fine property very quickly.

Oliver Love who was an employee of the Pioneer about four years ago committed suicide at Bessano last week. He had been out of work all winter and no doubt this preyed on his mind to some extent. Mrs. Love and the three children had left for Montreal a day or two before he committed the rash deed, to stay with friends there for a time.

Death of Mrs. E. Weber

The death of Mrs. Elizabeth Weber, wife of the late David M. Weber, occurred at Calgary on Thursday last, May 18th, after undergoing a serious operation. Mrs. Weber had been in poor health for some time and it was finally decided that there was one chance for her by an operation but the disease had progressed so far that death intervened.

Mrs. Weber came to Didsbury about 22 years ago with her husband and family from Conestoga. Out Mr. Weber predeceased her about 11 years ago. Mrs. Weber was 50 years of age.

She leaves six daughters and two sons to mourn the loss of a kind and loving mother: Mrs. B. S. Mitchell, Mrs. F. W. Holmes, and Mrs. A. W. Thorne of Billings; Mont.; Mrs. Ira Levagood, Leona, Ivan and Peter of Didsbury. Three sisters and one brother live in Ontario, and one brother in Youngstown, Minn. Mr. John Musselman.

The funeral was held on Saturday, May 20th, services being held at the Evangelical Church and being conducted by Revs. Bender, Weber and W. B. Denig. The church was crowded to the doors by a host of sympathizing friends and old acquaintances of the deceased and the immense number of floral tributes all testified to the esteem in which the late Mrs. Weber was held. Interment was made in the Didsbury cemetery.

A very interesting lecture will be given by Mr. Wm. Finlay in the Opera House next Wednesday, May 31st, at 8 p. m. Mr. Finlay who is a Westcott man has been a missionary in Africa for a long time and besides his interesting lecture will have a number of curios to show which he brought back with him. A collection will be taken up to defray expenses and a large crowd is expected.

Royal Arch Masons Celebrate

Didsbury was again the scene of much enthusiasm in Royal Arch Masonic circles on Wednesday night, May 17th, when Joseph Stauffer Chapter, R. A. M., received an official visit from R. Ex. Comp. W. C. Black Grand Superintendent of District No. 3.

The R. A. D. was exemplified for the approval of the Grand Superintendent who complimented the Chapter on the work and also regarding Joseph Stauffer Chapter affairs generally.

There was an excellent attendance of members and visitors from all over the district, the Lodge rooms being filled up.

The visitors from Calgary were R. Ex. Comp. W. C. Black,

AROUND THE TOWN

Mayor Chambers, Councilors Sam Arlenson and Secretary Austin are busy with the annual hoghead, making up the assessment roll to present to the Council.

Mr. Fred Moyle and family are the latest proud possessors of a new Ford touring car purchased through Stevens Service Shop.

The Presbyterian Ladies Aid will hold their June meeting at

the home of Mrs. B. F. Parker. The ladies are requested to meet at the church at 2 o'clock, as arrangements have been made for cars to take everyone out.

Mr. Ed. McCole is visiting with his parents, Mr. and Mrs. H. McCole. He has been in Vancouver for some time and returned by way of Edmonton.

Seeding is about completed in this district now and everything is ready for a few good showers. Unfortunately Jupiter Phylus does not seem to favor this district yet but perhaps next month we will get all we want.

(Send no postcard.)

Sowing Seeds of Success

Habits formed in childhood days guide our development in later years. A thrifty boy usually becomes a successful man.

Your interest in your child's future is shown when you open a Savings Account for him while he is in the habit forming age. One dollar will open a Union Bank savings account.

Select The Hague As Meeting Place To Discuss Russian Question

Gordon. The Hague has been definitely selected as the meeting place for the experts who will further examine the Russian problem. Arrangements for The Hague conference in June were practically completed with the acceptance by the Russians of the proposals submitted to them which have been agreed on as to provide that a truce between the various powers will continue for a maximum of eight months.

The process verbal relating to the Lloyd George plan for dual commissions in most of The Hague which was presented to the Russians was accepted with an annex. With the commitments carried by the sub-commission, it will be sent to the Washington Government probably with a letter from the secretary of the Hague conference.

Clause 6 of the annex in the process verbal, which refers to the truce or preliminary part of non-aggression, was amended in such a manner as to make it clear that the truce, as well as applying to the Russian Government, will apply also to the eight republics allied with Russia. This would bring in the Far Eastern Republic, with which Japan has been vainly trying to conclude a general treaty.

The Japanese delegation accepted this amendment with the understanding that it must be ratified by the Japanese Government.

A second important amendment to the document provides that the truce will continue to operate for a period of four months after adjournment of The Hague meeting. As it had been previously understood that The Hague conference would last about four months, this change is interpreted as protecting a possible European and

Asiatic truce of about eight months. This extension is also considered a victory for Mr. Lloyd George because it provides more time for the consummation of the permanent non-aggression pact into which he hopes the truce will be merged.

League Will Consider Mandate for Palestine

Meeting to be Held Not Later than July 15

Geneva. The Council of the League of Nations decided to hold a special meeting not later than July 15 to consider the question of approving the British mandate for Palestine. Lord Balfour in a speech before the council, said Great Britain was greatly disappointed that the present session had failed to register the League's consent to the terms of the mandate, which the allied powers had long ago secured. Lord Balfour pointed out to the council members that their refusal to consider the mandate did not mean that the allied policy regarding mandates was endangered. The council could not change the decision of the allies on the mandate he reminded the members.

Expect Reduced Total Acreage in Wheat

Saskatchewan Will Suffer Most According to Weekly Crop Report

Amherst. From present indications we anticipate a somewhat reduced total acreage in wheat this year, said the weekly crop report of the Grain Trade News issued here.

While Saskatchewan will perhaps suffer from an average reduction of 10 to 15 per cent. Alberta and Manitoba may both be expected to have made a gain of from five to 10 per cent., the report continues. If last year's figures of wheat acreage estimated by the Dominion Bureau of Statistics are taken as the average for the two years might compare somewhat as follows in round figures: Manitoba, 1921, 2,500,000; probable 1922, 2,750,000; Saskatchewan, 1921, 13,500,000; probable 1922, 12,000,000; Alberta, 1921, 5,120,000; probable 1922, 5,000,000; Total 1921, 22,120,000; probable 1922, total, 20,000,000.

Further Message to U.S.

Paris. The Hague correspondent at Gordon understands that Premier Lloyd George has sent another message to the United States Government asking a further explanation of the plan for the meeting of the expert commission at The Hague.

Vesuvius is Active

Naples. The volcano Vesuvius is in eruption with renewed violence, and the large quantities of lava and clouds of white vapor. It is not thought the present eruption will endanger the surrounding territory.

A. L. Eastley, Editor of The Scottish, St. John's, Nfld.

British Settlers for B.C.

Victoria. Sir William, Earl Thomas, noted war correspondent of the Daily Mail of London has arrived here to spy out the land on Vancouver Island for the settlement of anti-British, who, it is reported, will emigrate from the British Isles.

Sir William was sent out by Lord Northcliffe as a result of what the latter learned of Canada during his tour last year.

COULDN'T DO HOUSEWORK.

HEART WAS SO BAD

Many women get weak and run down and unable to do any other than house and daily duties owing to the heart action becoming impaired in the nervous system.

Nature intended women to be strong, healthy and happy instead of sick and worried. But how can a woman be strong and healthy when day in and day out she has to go through the same routine of work, sweeping, dusting, cooking, washing, etc.

Is it any wonder that the heart becomes affected and she gets irritable and nervous, has hot flashes, tight and dizzy spells, smothering and choking spells and can't sleep at night?

To all women whose hearts are weak and whose nerves are unstrung we would recommend:

MILBURN'S

HEART AND NERVE PILLS

as the best remedy to tone up the system and strengthen the weakened organs.

Mrs. Daniel Beanson, Larksville, N.S., writes:—“As I was troubled with a weak heart for nearly two years I am writing to tell you what your great remedy, Milburn's Heart and Nerve Pills, has done for me.

My heart was so bad at night I could not sleep, I would take short, jerky spells, and was so weak I could not do my housework. I tried two doctors, but got no result. A friend advised me to try your pills. I used six boxes and am completely relieved. I think they are the best remedy for heart trouble there is.”

Price, six boxes at all druggists, or mailed direct on receipt of \$6.00 to The T. Milburn Co., Limited, Toronto, Ont.

A Monster Memorial

To Insure Names of Missing Canadian on Vimy Ridge Monument

Toronto, May 20.—S. C. Newburn, Hamilton, former Minister of Militia, addressed delegates to the joint conference of the Canadian and Ontario Dental Associations here at Hamilton. He reviewed the work of the Canadian Dental Corps from 1914 throughout the war and pointed out the care and treatment they gave the Canadian soldiers. Speaking as chairman of the War Graves Commission, General Newburn said that the names of 19,000 missing Canadian soldiers would be inscribed in bronze on the memorial to be erected at Vimy Ridge, the base of which monument would cover an area of ground.

The monster memorial General Newburn said, would probably be visible for a distance of 15 to 20 miles. It was designed by W. S. Allward, the Toronto sculptor. The site had not been fixed up yet, the general said.

Drumheller Mines May Reopen

Calgary. Mine operators of the Drumheller Valley say coal mines will reopen June 15, according to a special dispatch received here. Meanwhile, however, everyone is awaiting an announcement of a decision by the coal commission board, which now stands adjourned.

W. N. Y. 1922

Hon. T. A. Crerar Favors Placing Settlers Along National Railways

Ottawa. Discussion of railway settlement in the House brought from Hon. T. A. Crerar, leader of the National Progressives, an important declaration of his policy on the national roads. He advocated the closing down of part of the transcontinental lines running across the wilderness between Eastern and Western Canada. He urged a revolution of the entire system on a replacement basis and its unification. He favored and suggested regional districts. He took the ground that, in encouraging immigration, the government should take steps to see that the new settlers were placed along the national lines.

It was too, Mr. Crerar argued, a sound principle that the finest policy of the country should be so drafted as to stimulate production from the farm, the forest and the mine, and railway traffic would thereby be encouraged.

“If the National railways are turned over to private ownership at any time, which private ownership would be, the country would lose one of its potential assets, but would be unable to secure the facilities required by the Great West.”

Mr. Crerar's speech came at the close of an afternoon's discussion of the railway estimates, a question which would be continued.

Earlier, Hon. Walter Mitchell, Liberal member for St. John's, had solemnly said that the government had no intention of placing the railways in the hands of private ownership of railways. Mr. Mitchell went further by expressing opposition to the principle of public ownership and operation of all lines in Canada.

“I have come to the conclusion on several principles,” Mr. Mitchell asserted, “that the public pay more for public ownership than they receive from lower charges.”

But Hon. Archie Maclean, leader of the opposition, charged in reply that Mr. Mitchell had no case, as the national lines had not been converted to private ownership at any time, which private ownership would be, the country would lose one of its potential assets, but would be unable to secure the facilities required by the Great West.”

Unemployment in B.C. Decreasing

Vancouver, B.C.—Unemployment throughout British Columbia has decreased so rapidly that in some parts of the province it has practically disappeared altogether.

Provincial employment officers in their reports to the Department of Labor, state they are now placing as much more freely than before. The improved weather conditions are given as partly the cause.

Chinese Delegation Leaves Today

Tientsin. The Chinese staff of the Chinese delegation here left today with our outfitting the Foreign Office, explaining that their departure was due to the failure of Peking to supply funds for Chinese students here and the refusal of Japanese banks to make further advances on the ground of past security.

Casgrain Says Canal Would Increase Rates

Ocean Vessels Would Not Compete With Low Charges

Ottawa. Resuming his speech on the St. Lawrence ship canal in the Senate, Senator Casgrain declared that its construction would increase charges for shipping rates. On May 2, the rate on wheat from the Pacific to Liverpool, including all charges, was 10 1/2 cents. No ocean vessel could ever compete with that price.

A ten thousand ton tramp steamer costs \$500 per day to operate, and it would take fifty days for a return voyage from Liverpool to British Columbia, cost of freight on a ton of wheat would mean a net loss of \$15.00 per bushel. Late cargoes could handle five hundred thousand bushels of grain on an average. They could come down with one grain in the lower valley and get a complete cargo of coal back. They could make the return voyage in ten days with a net loss of \$15.00.

THE SHEET METAL PRODUCTS CO. LIMITED
EDMONTON, CALGARY, VANCOUVER

Regarding Municipal Hail Insurance

Editor Pioneer,
Dear Sir:

The newspaper reports of the last annual meeting of the Hail Insurance District, held in Calgary in March last gave a very incorrect impression of the financial condition of the Hail Insurance District. One report was to the effect that the Board would have to reduce its liabilities before it could resume business. Another stated that the deficit on last year's operations

was \$1,000,000.00. Both these statements are entirely incorrect and very misleading.

The ability to "resume business" was never thought of, let alone discussed, for the very excellent reason that business has not been suspended nor is there any necessity or intention of suspending it. The damage hail in 1921 was almost double the average of the last nine years and 50 per cent greater than the previous high record made in 1916. In spite of the record breaking amount of losses the Municipal Hail Insurance plan functioned without a hitch and is here to stay.

The actual deficit for last year was \$274,742.96. This deficit was paid for out of the surplus of the two previous years and will have no effect on the rate set this year. This year's rate will depend on the amount of losses for this year, and on that alone.

I have taken the liberty to write you this letter because some of your readers, on account of the unfavorable impression they had received might think it was not safe to insure again this year under the municipal plan.

The Board wishes to assure every reader of this paper that the necessary credit for this year's business has already been arranged for, and the Board is better prepared than ever to give their usual fair adjustment of losses and prompt payment of awards. They hope to be able to do even a little better this year than in previous years.

Yours truly,

THE HAIL INSURANCE
BOARD
E. H. MALCOLM,
Manager.

Business goes where it is invited and stays where it is made welcome.

TOWNS THAT GET ON

Amusement is the spice of life; without some form of recreation people take to back-biting, slandering and all manner of uncharitableness. And the very best of amusement are those that are found in the open, so that any town that lays itself out to give its inhabitants opportunities for active exercise amid pleasant and appropriate surroundings should become famous, and grow, grow, meaning prosperity and a lighter burden of taxes on the shoulder of each citizen.

To one who has knickered about a bit, a conviction is forced that it is not so much the situation, climate or picturesqueness of a place that determines its future, as the initiative and energy of those who live in it. Almost anyone can satisfy himself as to the truth of this statement by merely reviewing the cities, towns and villages of this Dominion. Why is it that the one has gone ahead and the other become a hopeless decay of collection of tumble-down dwellings? In some few cases we can say "This city could have been planted nowhere else." Is such advantage, for here the tide turns, or "Here is this important junction where the rivers fork," and so on. But in the majority of instances there has been no apparent reason why one place should have grown the other shrunk; the first became a live, successful city, the other a place where old men shamble about, living in the past, while the live active men in the days of their strength shake off its dust, and on the infrequent occasions when they return do it as thankful the visit need be but a short one. We say there may be no visible physical reason for these contrasts. But, of a certainty, there is a psychological reason. One place has "the punch" the other lacks it. Western Municipal News.

Culture for Inoculating Seed

At the Claresholm School of Agriculture cultures for the inoculating of the different kinds of legume seed may be obtained by applying to the Principal. It is a well established fact that

legumes require certain kinds of bacteria to produce the most vigorous growth of stems, leaves and seed. In order to secure the necessary kind of bacteria in the soil in which a particular kind of legume is to be grown the inoculation of the seed with the pure culture is recommended. From the first

of April until the end of June these cultures are prepared for the inoculation of alfalfa, field or garden peas, alsike, white sweet clover, white Dutch clover, red clover and beans. Complete instructions for inoculating legume seed are supplied with the cultures. A charge of 25 cents is made for each bottle, which contains sufficient bacteria to inoculate sixty pounds of seed. All orders accompanied by postal orders should be directed to the Principal of the School of Agriculture, Claresholm, Alberta.

JUTLAND

We are still on the map although we have had a hard job staying here because of the recent high winds.

Mr. Earl Gilchrist has rented the Van Wyck house while he is putting in part of Mr. Lyons crop on shares.

Mr. Kasper who has leased the Reader place is sure making a great showing—he is a go-getter.

Mrs. Earl Gilchrist had the misfortune to run a hay fork into her foot recently. We hope it will not prove serious. Mr. Gilchrist's mother is attending her.

A surprise party for the Jutland School Board met in the School on Monday afternoon. The cause was the dismissal of Miss Martenusen, the teacher on some trifling charge which did not seem very clear although the Board said that she was not strict enough. The fact appeared to be that she had to strap some of the larger girls who were hard to control which did not suit the S. B. The majority of the ratepayers were opposed to discharging the teacher and appealed to Inspector Aylesworth who immediately took up the matter. He reported that Miss Martenusen was as good as he could wish and was doing everything that could be expected of her under the conditions and that those children who were attending the school were doing excellent. After some discussion with the Board Mr. Aylesworth stated that in thought the Board was making a big mistake in their action as she was an energetic teacher and was worthy of the best school in Alberta and as she was leaving would see that she got a good school. Rumors are that the School Board intend to resign in a body which will mean that a new Board will have to be installed.

Alberta Seed Oats

About a half a million bushels of seed oats were shipped out of Alberta to other parts of the Dominion the past year, according to officials of the Dominion Seed Branch, which is an indication of how the Province has become famed for its production of seed. The shipments were found to be particularly free of weed seeds. The Provincial Department of Agriculture, through its recently appointed field crop commissioner, W. J. Stephens, is planning an extensive campaign for the encouragement of seed production, with the co-operation of the University of Alberta and the Dominion Seed Branch.

MEETINGS AT COMMUNITY HALL

On Sunday, May 28th, Rev. Mr. Shortt, Presbyterian minister of Olds, will preach at Community Hall. Everybody is cordially invited to attend this service.

Miss De Guire will give a lecture on "Hygiene, health and happiness" at Community hall on Monday, May 29th, at 3 o'clock. You are invited to come out and hear this lecture.

The bugle doesn't leave a man when it gives him the shake.

Do not try to conceal, polish or cover up your faults.

Gold cash is often the means of expressing warm sympathy.

BURNSIDE U. F. A.

The next meeting of the Burnside U. F. A. No. 568 will be held in Jutland schoolhouse on Tuesday evening, May 30th. Mr. Claypool, M. L. A. for this constituency will deliver an address and Mr. Maylon, government bacteriologist will speak on "The Grasshopper Menace." Lunch after meeting. Everybody welcome.

A large program of road work is being planned now by the Public Works Department, following a trip of 900 miles taken by Hon. Alex. Ross, and J. D. Robertson, Deputy Minister, for purposes of inspection. Attention is to be given largely to market roads, and to extension and repair of trunk roads where urgent.

Valuable Map Free

The total number of quarter-sections of Crown land still available in each township is shown on the 1921 edition of a land map of Manitoba, Saskatchewan and Alberta recently issued by the Department of the Interior likewise the number of quarter-sections of unoccupied private ownership that are purchasable from the non-resident owner. This latter feature, showing at a glance what lands are for sale, should prove of great service to the land seeker. Supplementary to the map, the Department has had compiled for each district, lists containing information as to the price asked for the land, terms of sale, nature of soil, average fit for cultivation value of buildings and other matters helpful to the prospective purchaser. With such information in his possession the intending settler may then negotiate with the owner of the land.

Another important feature of the map is the Railway Belt information which has been shown in three different shades of color on each side of all railway lines, to signify land within 5, 10 or 15 miles of a railway. Among other details shown are the Dominion Parks, the forest reserves, land districts and agencies, surveyed townships, and railway information to date. A copy of the map, also a list of the unoccupied lands for sale in any particular district may be obtained free of charge upon application to the Natural Resources Intelligence Branch, Department of the Interior, Ottawa.

"Waiter, this stuff isn't fit for a pig to eat."

"My mistake, sir. I thought it was or I wouldn't have brought it to you."

John Barlevoorn is dead, but he left a whole lot of poor relations.

The Wall of China

In 244 B. C. the Chinese commenced building the Great Wall, which isolated their country from the rest of the world and helped retard their national progress.

The business man who maintains a wall of "dignified reserve" towards the buying public is just as surely retarding his own business growth.

People like to buy from the store that shows its appreciation of their business, gives good value, and courteous, kindly service, with a "come again" invitation.

Your advertisement in
THE DIDSBURY PIONEER

would be a standing invitation to your store. When our readers open up their paper do they see your "bill"?

The Wise Shop Where They Are Invited

THAT DRY COUGH IS BRONCHITIS

It registers, it will weaken the lungs and perhaps reach the lungs. Nothing surer to help you quickly than the healing coughing vapor of Catarrhine. Its action is magical. Its concentrated gas is heated, filtered, is scattered away, phlegm and secretion are released, and all symptoms of weak throat, Catarrh, Bronchitis, Catarrhine, Catarrhine is a genuine scientific preparation. Sold everywhere in three sizes, 25c, 50c and one dollar, or complete two months' treatment. Prepared by Catarrhine Co., Montreal.

(Continued)

Winnipeg
June 17th, 19—
This has been a busy week.
Sunday morning we went to St. John's Cathedral. St. John's, in spite of its impressive name, is but a tiny place, no larger than our smallest size churches. It is built of native stone, and is surrounded by a quiet old graveyard in which I was glad to wander for half an hour after the service.

On Monday I went sight-seeing, with Mrs. as guide.
She took me first to the City Hall, a fine old building, but in a way of being a museum. It looks like a cross between a wedding cake and a mosque; but I was interested in the pictures of the city, and I fell in love with the lovely little Council Chamber—it could be simply perfect for private theatricals.

We then went to the roof of the City Hall, Winnipeg's highest building. I understand that in New York and Chicago there are office buildings four times as high, but I suppose I do not wish to breathe such air. It is quite high enough. But the view from the top was worth the dizzy feeling.

By this time it was noon, and with my lunch I had another novel experience. I passed a "Hungry" family of home-doubtless they can be found in the larger cities if one knows where to look for them—and to me it was an entirely new experience to see my own waitress and waiter still to hear my orders paraphrased second recognition, shouted through a dumbwaiter, to an invisible cook who goes into the kitchen, takes a tray and the necessary dishes from a counter, together with whatever I already ordered, and then brings out a table for one's self. I was so

A Stitch in Time

Quick action is the only hope when kidney disease appears.

There is a whole train of dreadfully painful and fatal ailments which soon follow any neglect to get the kidneys right. Among others are rheumatism, lumbago, Bright's disease, hardening of the arteries and high blood pressure.

In Dr. Chase's Kidney-Liver Pills you will find a treatment which is both quick and thorough.

Mr. C. E. Raynes, Lindale, Alta., writes:

"I was a great sufferer from kidney disease and lame back for more than a year. A friend of mine one day told me of Dr. Chase's Kidney-Liver Pills, and acting upon his advice I got them. After I had taken one box I felt better, so I continued until I had used five boxes. Now my back is as well and strong as ever, and am glad to recommend Dr. Chase's Kidney-Liver Pills to anyone suffering as I did."

Dr. Chase's Kidney-Liver Pills, one pill a dose, 25c a box, all dealers, or Edmondson, Bates & Co., Ltd., Toronto.

R. N. C. 1421

much interested in the orders that were being passed on to the cook that I could scarcely eat my luncheon. Mary translated, "Ham and" means ham and eggs; "Pork and" means pork and potatoes; "Pork and" means pork and potatoes; "Pork and" means pork and potatoes.

(Mary tells me that she once heard the last order given as "Adam and Eve on a raft," but I think that story was made up for my special benefit.) As I thought I had a vision of the said head-waiter in the quiet hotel where we always stay when we go to Toronto, I never heeded the said head-waiter again.

In the afternoon we took a train to St. John's Park. It is about five miles from Main Street. One goes that distance on Portage Avenue—another of the main streets—and then crosses the Assiniboine River on a beautiful suspension bridge. The park, which is left as much as possible in its natural state, is really beautiful, although the trees are small and the grass is not like English grass. A large lake has been created here, quite a collection of the native animals.

I saw several kinds of deer, wolves, foxes, badgers, hares and one heart-broken old eagle. The animals are all fairly tame and I got some excellent photographs. I have been afraid to admit it to the Arnolds, but I was disappointed in the bird-people's house here. I expected to see majestic creatures at least as big as elephants, and what I did see looked very much like the badly focused picture that I took of the Highland cattle the first summer I had my camera. I went on close to the cattle, and as a result the heads and forequarters were about twice as big in the picture as they should have been. And now for the most important thing that has yet found a place in my diary.

Each day since I reached Winnipeg I have read the "Sinnatus Varian" column in the various papers, and on Monday I saw the very thing I had been waiting for.

"WANTED: At once a working companion. Comfortable home on the right party. Address: John Fiske, Elba, Manitoba."

I wrote a letter of application and then went to talk my matter over with Mrs. Arnold. To my surprise and consternation she was horrified. "The same thing as a general servant in England," she said when the first explanations were over. "The work and the surroundings will not be what you expect, and you will meet with disappointment and difficulty at every step. What will your mother say to me if I connote such a ridiculous project?"

"Mother knew what my plans were before I left home," I answered. "But your mother does not know to what the realising of the plan would lead. In the first place, you would lose caste."

"I thought that I was an unknown quantity in Canada," I interrupted, rather indignantly. "I fear, 'A' and 'I' am certain that I shall not learn to farm while I stay in Winnipeg, and you will not."

Mrs. Arnold laughed.

"My dear Elinor," she went on, "Canada cannot compare with India in the matter of caste, nor even with England; but I think you will find that wherever there is poverty and wealth, employer and employed, there will be caste also."

As to experience, well, you will probably get more than you bargained for. By the time you have done the washing, scrubbed the floors, cooked the dinner in a kitchen full of pots and kettles, and milked twelve cows, you may feel like going into the subject of scientific farming, but I don't think so."

"Of course there is just a chance that you may find a place that will suit you, but you are taking a big risk. Promise me that you will not post your application until you have consulted Mr. Arnold."

I promised. But what followed could scarcely be called a consultation, for Mr. Arnold only laughed at me. I hate to be laughed at, so, just the least bit annoyed, I started my letter on the way. Yesterday I received Mrs. Fiske's reply, in which she asked me to leave for Elba at once. As soon as I had read it I went to Mr. Arnold, and fully convinced now that the matter was no joke, he gave me a fairly full lecture along the same lines as that delivered by Mrs. Arnold.

However, when Elinor told me that she would go, and the only concession I would make was to agree to Mrs. Arnold's suggestion that she should go with me, I was not by my employer. That one word, "employer," makes me feel as if I were a little child, but the deed is done and—England expects.

To be quite honest, I am awfully nervous. The Arnolds have been so good to me and have made my visit with them so pleasant that I seem ungovernably to leave them in this way. Although they think it unwise of me to go to Elba, they have given everything that could help me in my preparations, quite as if I were acting in accord with their advice. It is such a pleasure to meet people who do not look upon a contrary opinion as an insult.

And of one thing I am sure. If my venture fails and I return to them, they will meet me with open arms and closed lips. (To be continued)

The Wonderful Aerial Balm for Injuries & Aches & Pains. See All Dealers.

Watch Your Brain

Take care of your brain. It is the most wonderful part of your body, and yet you take more care of every other organ. You exercise your limbs, you develop your muscles, you worry about your intestines. But you seldom bother about your brain. For example, you allow poisonous thoughts to enter it, as if the brain could rather than swallow a part of cholera germs, but you permit deadly thoughts to injure the beautiful machinery of your brain. Keep your brain as clean as your body. London Sunday Express.

Now She Doesn't Need The Doctor

WHY JOHN HAMILL PRAISES DODD'S KIDNEY PILLS

When He Found Them His Wife Found Relief. That's why he Tells Sufferers to use Dodd's Kidney Pills.

Marletown, Sask.—(Special).—Mr. John Hamill, a well known and highly respected resident here, is a firm believer in Dodd's Kidney Pills. Mr. Hamill says, when asked the reason why, "She has been ailing for years. I had doctors attending her but she didn't seem to get any better. At last I found Dodd's Kidney Pills and my wife found relief. She kept taking them from time to time. Now she doesn't need the doctor."

Also since childhood Mr. Hamill has been a sufferer from constipation. She found relief from that in Dodd's Kidney Pills. She writes of the life that dog the pathway of suffering women come from diseased kidneys. Ask your neighbors if Dodd's Kidney Pills do not make strong, healthy children.

Will Operate Large Stock Ranch

Dr. W. H. Geddes and his brother have purchased the 14,000-acre property of the Columbia Valley Archery Club. It is understood that the owners will utilize a large area of their holdings as a stock ranch.

A Chic Sport Dress

Could Hardly Move A Muscle For Ten Days

Winnipeg Man Was In Misery Day And Night From Rheumatism Before He Began Taking Tanlac. Hasn't A Twinge Left.

"When I started taking Tanlac I was almost down and out, but now I'm strong enough to do any kind of work," said Joseph A. Higgins, 1518 Magnus Ave., Winnipeg.

Some time ago I had a severe attack of rheumatism and for ten days I could hardly move, much less get out of bed. When I got up I was weak and in such pain I just could hobble around. My back hurt continually and my arms and feet ached all the time, and have picked up several pounds in weight. I prize Tanlac above all other medicines."

"But today I am well and strong and it's all due to Tanlac. I haven't an ache or pain in my body, feel like all the time, and have picked up several pounds in weight. I prize Tanlac above all other medicines."

Tanlac is sold by all good druggists.

National Parks Value

The national parks in Canada last year brought \$18,000,000 into Canada through tourists, according to an estimate given by Hon. Charles Stewart, Minister of the Interior, given in the Dominion House of Commons recently.

Miller's Worm Powders not only make the intestinal system unattractive to worms, but by their action on the stomach, liver and bowels they correct such troubles as lack of appetite, biliousness and other internal disorders that the worms create. Children thrive upon them and no matter what condition their worm-infested stomachs may be in, they will show improvement as soon as the treatment begins.

The eating of sauerkraut tends to the prolongation of human life, according to some medical scientists.

Worms feed upon the vitality of children and endanger their lives. A simple and effective remedy is Miller's Worm Expeller.

The number thirteen is never used by the Italians in making up their bequests.

Love is like seasickness—it can be felt but not described.

Children Cry For Fletcher's CASTORIA

Special Care of Baby.

That Baby should have a bed of its own all are agreed. Yet it is more reasonable for an infant to sleep with grown-ups than to use a man's medicine in an attempt to regulate the delicate organism of that same infant. Either practice is to be shunned. Neither would be tolerated by specialists in children's diseases.

Your Physician will tell you that Baby's medicine must be prepared with even greater care than Baby's food. A baby's stomach when in good health is too often disarranged by improper food. Could you for a moment, then, think of giving to your ailing child anything but a medicine especially prepared for Infants and Children? Don't be deceived.

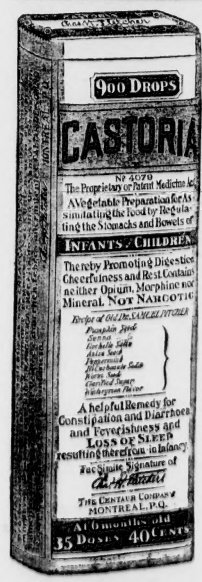

Make a mental note of this: It is important, Mothers, that you should remember that to function well, the digestive organs of your Baby must receive special care. No Baby is so abnormal that the desired results may be had from the use of medicines primarily prepared for grown-ups.

MOTHERS SHOULD READ THE LABELS THAT IS AROUND EVERY BOTTLE OF FLETCHER'S CASTORIA

"THE STORE THAT NEVER DISAPPOINTS"

AROUND THE TOWN

Continued from page 1

The W. C. T. U. will hold a parlor meeting Tuesday, May 30th, at 8 p. m. at the home of Mrs. Bender. A program will

be provided also "paper read from the convention at Red Deer. All members are asked to bring their friends.

John F. Miller, sight specialist of Calgary, will be in Didsbury

at the Rosebud Hotel on Friday, June 2nd, for the purpose of correcting all defective eyes.

Mr. W. H. Chamberlin is renovating and fixing up generally the store on the corner opposite the telephone office. He will carry a good line of musical instruments and wall papers and will also carry on furniture repairing. He has had quite an experience along these lines and no doubt will fill a long felt want in town. He expects to be ready to open up on June 1st.

Remember, Friday, June 2 is the date on which to see John F. Miller concerning those eyes.

First Baseball Game Friday Night

The first league baseball game of the season in Didsbury will be played on Friday night at the new athletic grounds east of the track. The game is between Olds and Didsbury and will be called at 6:30 p. m.

Didsbury has a good line-up again this year and the public should come out and give their support to the boys who are trying to give the public a little amusement during the summer evenings. Last year they came close to bringing home the championship and the support they received was a great factor in helping them to get near the top. Give them the same support this year.

The grounds may be a little heavy as they have only recently been put into shape and perhaps a fast game is not to be expected but the boys are ready to do their damndest.

And don't forget the financial end of the game. Come prepared to help them out with a little cash. The management and team incur expenses that cannot be avoided and its up to the fans to assist if we want to have the pleasure of seeing baseball played here this summer.

Somebody Will Get Into Trouble

It has been brought to our attention that certain boys around town out for a little excitement are running a very serious risk of visiting our town Fire Hall, which incidentally includes the jail. The matter in question being that of the lighting of beaver. As the people around here know, there are several colonies of beaver in the surrounding creeks which besides being very interesting to watch are very carefully protected by law.

There have been two of these animals shot lately and left lying on the banks of the creek. This wanton destruction of these beautiful animals is bound to lead someone into trouble and a good idea of the miscreants is carried by some people so that further chance of warning through this medium may be too late.

We are anxious to have all the band men of Didsbury and district join with us in Carstairs Hall for the next rehearsal which will be on Monday evening, May 29th, at 8 o'clock. We got away with a good start last week and are very anxious to make the next rehearsal a ringer. There are several engagements in sight, we must be ready. We are calling together all band men of Didsbury, Carstairs, Crossfield and the districts surrounding these towns. See, write or phone E. B. Shantz, Carstairs.
